

TULSA DEDICATES FINE INSTRUMENT

Municipal Organ Turned Over to Service of Community.

DR. ODELL IS SPEAKER

Mrs. MacArthur Given Token of Appreciation; Dr. Erb's Playing Masterly.

"This organ was opened to the public April 29 and 30, 1916. It is consecrated to the happiness and inspiration of the citizens of this community and is dedicated to the glory of God. April 29, 1920."

This was the inscription revealed when the tablet of the municipal organ was unveiled at the dedication service in convention hall last night. The entire service was conducted by the turning over to the community of the organ as an instrument of service.

The appreciation of the city for the labors of Mrs. Robert F. MacArthur in behalf of the organ was expressed by every speaker on the program. In presenting an organ key to Mrs. MacArthur, E. L. Oberholzer said, "Through it was the expressed desire of Mrs. MacArthur that no personal mention be made of her, the committee on arrangements had overruled this wish and present this key to the municipal organ as a token of appreciation of the kindness which she has shown this community."

In the municipal organ Tulsa has acquired one of the elements which make for true greatness in a city. Dr. Arthur Lee Odell, president of Kendall college, declared in the dedicatory address. There are three things that a city must do to be great, he said. "First it must do great things for its people; second, it must develop great leaders within its gates; third, it must contribute to the nation and to the world something unalterable, permanent."

"A city is not a mere place of business or of transportation, but a place where people live to old age and slip out, leaving foundations for the future. Just as, in the words of the quotation, 'over the keys the wandering organist beginning doubt and far away' finally evolves his theme so has the great organist played upon the keys of this city since its tiny beginnings until now the theme of a great city is being evolved."

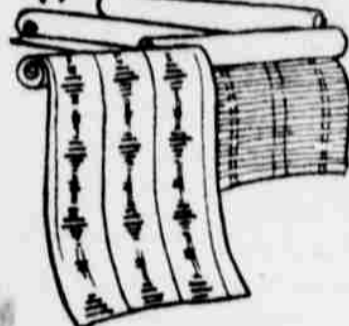

The value of music as wholesome pleasure for the danger-time of recreation was also mentioned by Dr. Odell. "Music is a wonderful gift for the individual and for the community. Though not all of us have the faculty of creating it, it is the one universal language which all understand. We want music in our most joyous and our saddest moments. We like music that will catch us away from the burdens of life. We want music when we are going forth to battle for high principle, when we come into the secluded cloisters of meditation."

Possession of a municipal instrument affects not only civic life, but educational life, and means much to the children of the community as well as to the adults, Mr. Oberholzer said.

A concrete example of the musical beauty which ownership of an organ for everybody can bring to a city was furnished by the masterly playing of Dr. F. Lawrence Erb, director of music at the university of Illinois, whose dedicatory recital preceded the other exercises.

Col. Clarence B. Douglas, managing director of the chamber of commerce, presided during the service. Songs were led by Robert Holce Carson and prayer offered by Rev. W.

Russian Joan of Arc Is Troubling Soviets in Western Siberia

LONDON, April 29.—A Russian "Joan of Arc" has risen in Western Siberia, gathering considerable strength and is proving exceedingly troublesome to the Soviet government, according to advices reaching London today. The newcomer calls herself the "White Lady" and claims to be a great-granddaughter of Alexander, who reigned from 1801 to 1825.

Like the famous French maid of Orleans, the "White Lady" dresses in white. Her headquarters are at Harbin, a town of 200,000 people from which she directs her operations against Bolshevik outposts and railways.

The Russian government is reported to have placed a price of 100,000 roubles on her head.

H. Murphy, J. Hare, Gibson, and others, of the anti-Bolshevik committee, a list of the names of the committee was published in the program, which stated that in 1918 the committee was the first municipal organ installed in the United States and the first to be opened to the public.

The city of Tulsa paid a part of the cost of the municipal organ. In 1916, in February, 1919, a number of citizens gave the building of the organ as the last step of the city of Tulsa and paid for the necessary alterations which were made in 1919 at the time of installation of the instrument in Convention Hall. These citizens were: E. W. Ritchie, R. M. McArthur, D. H. Leonard, J. J. Lavin, J. A. Hall, H. S. Wright, J. H. McArthur, Jr., E. H. Kemp, W. A. Brown, Lee, Charles Felt, W. E. Brown, P. E. Magee, H. M. Preston, E. P. Harwell, J. A. Chapman, Thomas, Russell, Frank Haskell, Arthur Newlin, H. L. Bladen, Chas. Moore, G. H. McLaughlin, A. E. Lewis, J. M. Dancy, H. A. Arnold, W. C. Elnor, F. W. Gissel, T. J. Harrison, J. H. Hines, Eugene Lottin, Jake Easton, Farmer & Duran, Robert F. MacArthur.

STAFF BAND TO PLAY

Big Salvation Army Event Scheduled for Tulsa on Wednesday May 26 at H. S. Auditorium.

The Chicago staff band of the Salvation Army will give a concert in the high school auditorium Wednesday evening, May 26. Commandant Ole Johnson of the local staff band announced yesterday. Proceeds from the concert will be applied to purchase uniforms for the band of the local staff.

There are 33 people in the Chicago staff band, which is composed of officers exclusively and ranks high among organizations of its kind. The band is directed by its band and his oldest son, Eugene Arthur Flynn, musical director. A concert will be given at the high school auditorium on Wednesday night. The band will also play at Oklahoma City on the way to the congress.

Remodeling of the local staff band, which will probably be completed about the middle of May, and the formal opening will take place before May 26. All planning for the band is finished and the band will be in the city by the middle of the month. The band will play at the high school auditorium on Wednesday night.

One of the most remarkable presentations yet announced for Tulsa will be the attraction at the Palace Theater starting next Sunday. It is Louise Glaum in her very newest and said to be her greatest effort, "Sex." "Sex" has been rightly named. "The Wonder Drama" is a story so fearful in the telling as to cause wonderment through the many attitudes with which the tale abounds. In this story there is taught a lesson to thousands of frivolous creatures who fool themselves into believing that youth lasts forever, that pleasure is life's chief object. Miss Glaum plays a character of a gorgeous creature who never steals a man's love from another woman—oh, no—she only finds the love the other woman has lost.

"Sex" is a problem, beautifully presented and cleverly analyzed that leaves one with a sense of the infinite at the end—which is distinctly unusual—and which is entirely free from the sticky, sweet sentimentality of ordinary photo-plays.
